GENTRY

by Patricia Urquiola

Gentilezza promossa a canone progettuale: un progetto nato dalla ricerca di una comodità misurata, contenitiva ma con un accenno di deformazione.

Finesse becomes part of the design canon: a project whose origins lie in the search for well-balanced comfort, restrained yet with a nod to exaggeration.

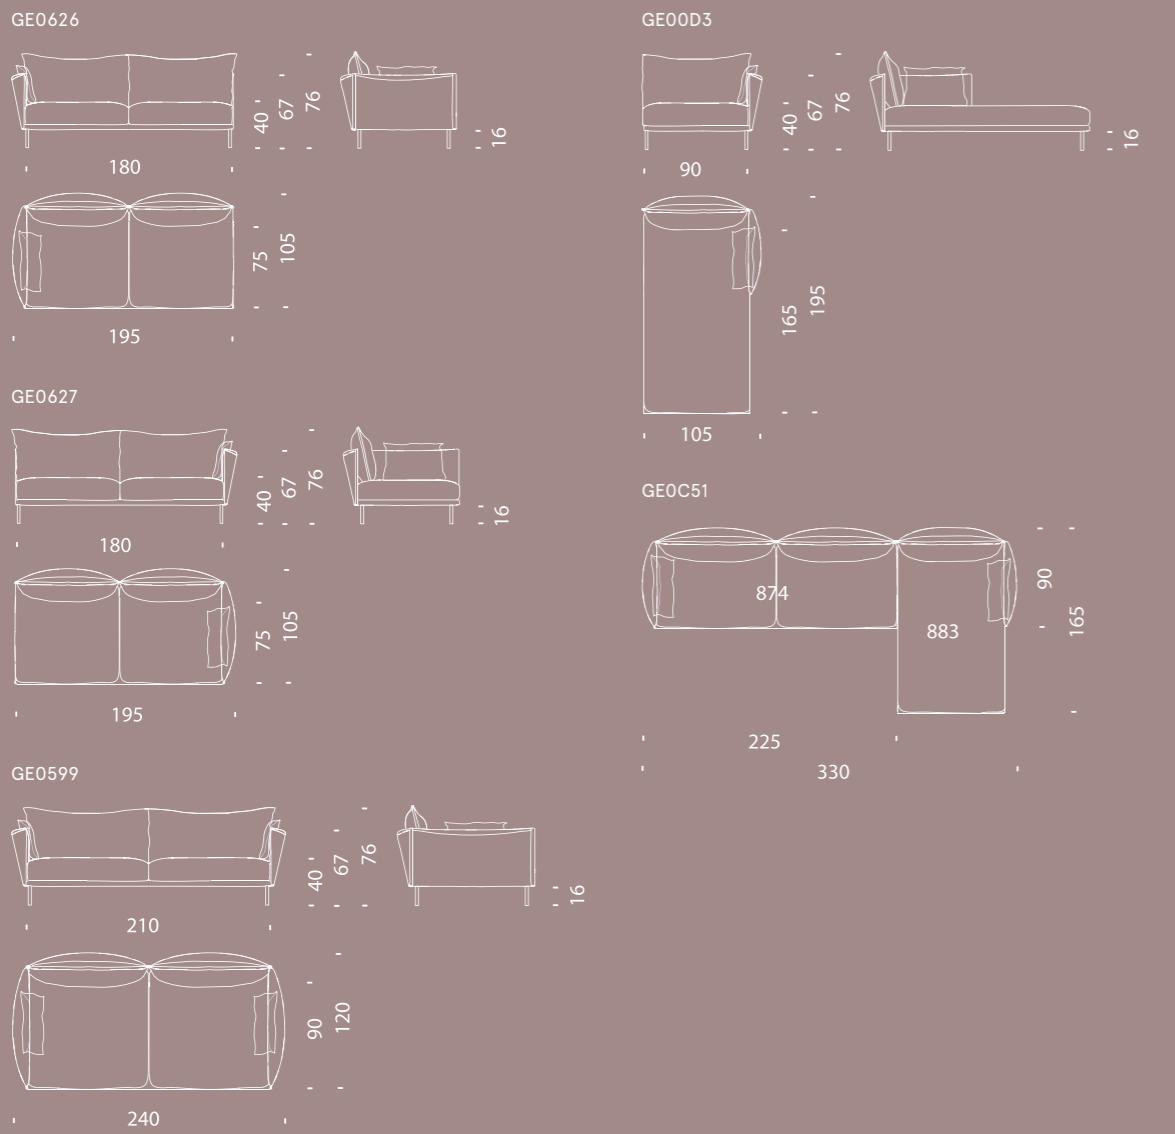

Fabrics:

Un tavolino tondo ed uno rettangolare i cui piani sono sostenuti da un telaio quadrato che si piega come un paravento giapponese, un byobu appunto.

One round table, and one rectangular table whose surfaces are supported by a square frame that bends like a "byobu" Japanese screen.

IMPOSSIBLE WOOD

by Nipa Doshi & Jonathan Levien

Un processo di re-invenzione concettuale, una struttura in legno curvato irrealizzabile se non tramite stampaggio a iniezione in plastica.

A process of conceptual reinvention, a curved wooden frame which would be impossible to produce if not through a elastic injection moulding.

TERRERIA

by Archea Associati

La libreria è il raccoglitore della memoria: solitamente di legno, di metallo, di vetro, mai di terra. Terreria rende uno spazio contemporaneamente nuovo e antico, urbano e campestre. Un sistema aperto che, attraverso la flessibilità combinatoria dei moduli permette di ottenere un disegno e un'immagine sempre diversa.

The bookcase is the holder of our memories and is most commonly made in wood, metal, or glass but never clay. Terreria creates a space which can be simultaneously new and old, urban and rustic. It is an open system, and the flexibility to assemble different combinations means that no single design or look is ever quite the same.

MOON CHAIR

by Tokujin Yoshioka

Il linguaggio universale della bellezza: linee fluide restituiscono al profilo un'evanescenza materica che assorbe e diffonde una luce tenue e rarefatta.

The universal language of beauty: flowing lines give the chair a profile which seems evanescent rather than solid, absorbing and diffusing a faint, refined glow.

BANJOOLI

by Sebastian Herkner

La forma della sedia, è ispirata alla danza nuziale che il maschio dello struzzo – banjooli in lingua wolof – esegue per corteggiare la femmina, allargando le ali per esaltarne la bellezza.

The shape of the chair is inspired by the mating dance of male ostriches –banjooli in the Wolof language- who stretch out their wings to show off their beauty to the female.

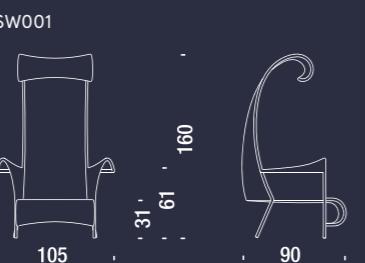

SHADOWY

by Tord Boontje

Le sedute da spiaggia anni '20, tipiche del mare del nord Europa, sono rese contemporanee dai pattern colorati, digitalizzati e realizzati da maestri artigiani africani, intrecciando coloratissimi fili di plastica.

MISFITS

by Ron Arad

Il designer modella, scava, taglia, si sostituisce alla forza della natura. L'intenzione è quella di creare un insieme di sedute componibili; la condotta però è libera. Ogni singolo modulo è indipendente; nell'accostamento, deliberatamente, non c'è ricercata la corrispondenza.

The designer models, hollows, and cuts, doing all Nature's work. The intention is to create a modular seating system, but free choice is allowed. Each piece can stand alone or in combinations; any matching effect achieved is unintended.

Z-SHELF

by Ron Arad

CLOUD

by Nendo

L'ispirazione nasce dall'osservazione delle nuvole, dal loro rincorrersi e accavallarsi e dall'alternarsi della loro ombra proiettata sulla terra. Tre tavoli da disporre in libere composizioni, da sovrapporre, accostare.

Inspiration is drawn from the clouds, from the way they chase and overtake one another, their shadows following one after the other on the ground. Three tables to be arranged as you please, next to or on top of one another.

ANOMALY

by Front

Creature dall'identità delicatamente inquietante, docili e innocue. Presenze domestiche amabili quanto inattese, trasfigurazione fantastica di un mondo fiabesco, talvolta surreale, che riunisce in un solo oggetto la funzione pratica e quella emotiva del gioco.
